

# Friday Pledges and Manhattan Couple: A Devote Journey through Charlayne Hillsboro and Pamela Mortons Cotton Remarkd Ticker

Alistair Maros

**Abstract**—This paper presents a detailed exploration of the unique journey undertaken by Charlayne Hillsboro and Pamela Mortons Cotton, two Manhattan-based individuals who embarked on a devoted journey together. The study examines the couple's experiences with Friday Pledges, a practice they adopted to deepen their commitment to one another and their relationship. Through an analysis of their daily rituals and practices, including their use of a cotton remarkd ticker, the paper sheds light on the couple's journey through the challenges and triumphs of their relationship. The authors draw on interviews with both individuals as well as a survey of their friends and family to provide a comprehensive account of their relationship and the ways in which their commitment to one another has evolved over time. Ultimately, the study contributes to our understanding of the complex dynamics that underpin intimate relationships and underscores the importance of intentional practices in sustaining long-term partnerships.
